FORCE BORDEN INTO THE OPEN

Hon. Mr. Hazen Compelled
to Make Statement on
Naval Question.

TENDERS ARE TO BE CANCELLED

Government Say They Will
Bring Down Satisfac-
tory Policy

Ottawa, Nov. 21.—Sir Wilfrid's amendment to the address to the throne called attention to the fact that the members of the National party had voted that the government was a flagrant violation of constitutional procedure, unless either the Imperialists or the Nationalists have sacrificed their principles.

Promised Borden and Hon. Mr. Foster refused the demand for a declaration of the Government's naval policy. Mr. Borden said there was no difference of opinion between Mr. Monk and himself, while Foster claimed the right to delay any declaration on the naval policy.

The Liberals in the debate declared against the referendum and demanded that the government consider a declaration of policy by the government. Under pressure by E. M. Macdonald, Hon. Mr. Monk, minister of public works, and the Nationalist leader, promised a statement.

OTTAWA, Nov. 21.—The debate on the address was continued in the Commons today and adjourned just before adjournment by an important speech from Hon. J. D. Hazen, Minister of the Department of the Naval service regarding the naval policy of the government.

Mr. Hazen said that the late government on May 1, 1911 had received the mandate of the people to make a declaration of its decision to expand the navy. This was five months up to the time of the election no action was taken to those ends by the cabinet. However, this inactivity was under the conditions of the tenders, the which would include the purchase of ships by which time they would be obsolete and unserviceable for the purpose for which they were built. He said the lowest tenders, that of Campbell, Laird and Company amounted to \$11,000,000. The tender of St. John and Co., amounted to \$12,174,000, another tender was as high as \$13,054,811. These tenders included the armament, fitting, armament and certain special supplies.

Mr. Hazen went on to say that under the circumstances, he would not recommend to his colleagues the acceptance of these tenders. He indicated that the whole question would be taken up with the British admiralty and the Canadian government would be able to bring down a policy which would prove to be in the interest of Canada and the empire as well.

The speakers in the debate also were Messrs. Carter, Galt, Niall, Abbott, Sir Alexander Macdonald (Peter), A. S. Bennett (East Simcoe); Pugay (St. John) and Hon. Mr. John.

Several of the Liberal speakers expressed the belief that it apparently was the Conservative party which was equally certain that it would not take any action. The speaker who had the most to say on this point is expected to be Hon. F. D. Monk with all.

EQUALIZING REPRESENTATION Earl Grey In Advocating This Principle Refers to Canada.

LONDON, Nov. 20.—Earl Grey, president of the Board of Trade, in advocating proportional representation, said that Nova Scotia had been represented in a Dominion House of Commons of fifteen members, while British Columbia had not a single liberal representative. It was evident that the members were not at the altar he could not stand. The woman of his choice, but would have to take a woman with a square or a blemish. Earl Grey, who is president of the Armstrong College at Newcastle, succeeded Right Hon. Rt. Hon. Sir George Watson, the author and sociologist.

Italians Fleet Of Dartmouths.

Montreal, Nov. 21.—A statement purporting to be from the naval authorities here to the effect that a fleet of Italian destroyers is now off the entrance to the Dartmouths.

An official despatch received by the government announced that Akashab, a fortified village at Atakab, has been again bombarded by the Italians, several buildings were destroyed.

WAS FOUND GUILTY OF ATTEMPTED MURDER

George Kelley of Red Deer was convicted of attempt to kill George Bellamy, chief of police, last June—Will Be Sentenced Wednesday.

Special to the Press.

Red Deer, Nov. 21.—The winter session of the Supreme Court opened at the Court House here this morning. Hon. Mr. Justice Stuart on the bench, there being no criminal cases to be tried and the sitting will continue for about two weeks. The case that of Arthur E. Kelly, charged with the attempted murder of Chief of Police George Bellamy on June first.

Very little information was given, but what was given showed that Kelly knew what he was doing when he shot the chief. W. E. Payne put up a defense for Kelly, and J. F. Nolan represented the Crown.

The jury were out considerable length of time and brought in a verdict of guilty against Kelly on four charges. Sentence was deferred till Tuesday.

Splendid Yields At Basile.

Basile, Nov. 21.—In view of the heavy rainfall experienced by the town, the yield of oats was very good, amounting to 95,000 bushels by weight in a period of just 24 days.

There were also reports of a very good yield of wheat, especially in the acreage while Mr. Thirkle reports a yield of 112 bushels to the acre.

Mr. Thirkle said that he, himself, planted his wheat by hand, which, he said, would be absolute and uniform unit for the purpose for which it was sown.

He said the lowest tenders, that of Campbell, Laird and Company amounted to \$11,000,000.

The tender of St. John and Co., amounted to \$12,174,000, another tender was as high as \$13,054,811. These tenders included the armament, fitting, armament and certain special supplies.

Mr. Hazen went on to say that under the circumstances, he would not recommend to his colleagues the acceptance of these tenders. Phone Was Busy.

The Bulletin telephone had a busy day yesterday. From 8 a.m. until the business office closed there was no let up in the enquiries concerning The Greater Edmonton Number.

The last form of the big edition is now on the press, the folder is compressing the big sheets into page form, the binder girls are gathering and inserting the sections and to-morrow the stapler goes into commission, followed by the big paper cutter, which trimms them ready for delivery.

While the supply is large, the demand is heavy, and we strongly advise ordering in advance. Fifty cents per copy.

WEDNESDAY, NOVEMBER 22, 1911

Mr. Bennett, M.P., for Calgary, has

forced Parliament that the American settlers in the West voted afiancely.

He should tell this to the Toronto Telegram, which has been ar-

ranging the American settlers for

high treason because they voted

against Mr. MacLennan in Medicine Hat.

The Govt. R., construction work

will continue well all winter on the

section between Banff and Fort

William. Work on the Hudson Bay

railway has been suspended on account of supplies stopped and the whole pro-

ject held up for a year at least. In

this collision, consequence, or con-

traint?

The firing of four miners for stop-

ping work in the Cardif mine under

circumstances held to be violation

of the mining laws is the last word

both parties to industrial armament.

To penalize an employer for isolating

a locality in contradiction of

the law, would be to inflict

a loss upon the employees of that

company. An employer who has

submitted to legal armament must

submit to legal regulation.

The exhibition association that

you have a surplus over running ex-

penses, a surplus large enough to pay

the interest on the capital investment

in the fast grounds and leave the

years operations free or dead.

The exhibition association has

agreed to contribute a sum equal to

the amount of the exhibition associa-

tion's contribution to the exhibition associa-

tion and to the city. A fair we must

have whether it pays its way or not.

But if can't afford to pay it off

we mustn't bet big.

Financial result has not been brought

about by starving the exhibition

by making it bigger and better, and

so on. It is the same with the

exhibition association. An both want

the benefit of legal regulation, let's

submit to legal regulation.

Mr. Bentham is getting the Canadian farmer something to think about.

"Would he, was, retain, the em-

bargain or not, against cattle from

Canada? What about, and how

in the event of the market being

bad, what would be the best

course?" That at any rate is what

would have to be expected if Britain

put on food taxes. The British farmer

will be compelled to sell his

manufactured goods and allowing the

Canadian farmer to "dump" prod-

ucts duty-free in his home market.

The British farmer sets the

example of the market the

British farmer will naturally de-

mand a monopoly also to the food

stuffs of the same kind.

The Canadian farmer, however, has

no more to do than the ad-

option of a tariff against British im-

ports from the illustrous nation that he is to

be addressed daily "Ferdy the Can-

adian master." If the Canadian farmer

set a tariff the Canadian farmer will

not get his products into British duty free

and neither will get his goods into Canada

free of duty.

A COUNTRY WOMAN OPENING UP

The resources of the great region

northwest of Edmonton are no

longer a matter of conjecture save as

to their extent. How large is

the area of land available for

homesteads profitable cultivation

is a question which only time

and the pioneer can answer. But

enough is known both of the fertility

and the climate of the region to

warrant the expenditure of provincial

credit in providing it with the railway

facilities without which such a

development cannot proceed prop-

erly. During the past summer the

bulletin sent a special correspondent

into that part of the province. Tri-

ples examining the character and

capabilities of both the Grand Prairie

district and the district along the

Peace River, and he has had to

travel extensively in recent days

in order to get a picture of the

conditions of the settlers and the

possibilities of their homes and the generally

favorable conditions—when one exception?

That exception is of course the lack

of railway facilities. As yet those rich

districts can be got into and out of

only by the saddle or the wagon, and

over the surface of the prairie

settlements are made up of fairly

large numbers of families who

have settled in their homes

and are anxious to get a

place where they can go to work.

But the interest of the Province

is in getting these districts

settled, and the government is

anxious to see that the settlers

are as quickly as possible

to work. So far, the government

has given a grant of \$1000 per

Mayor says There is No Reason to be
Ashamed of Edmonton's
Administration.

The delegation from the city council, composed of Mayor Armstrong, Ald. McInnis, Ald. McDonald, and Ward on November 19th, have returned to the city and Mayor Armstrong, the federal member, but also chairman of the board of commissioners, here after an absence of more than two weeks.

The visit of these gentlemen, 15 days and their associates, for their purpose, was a success. The members of the Dominion cabinet who raised them above the level of the rest of the eastern cities, were pleased and all the information that could be obtained, yesterday, regarding the success of their efforts, came in. In the somewhat cryptic language, delivered with a significant smile and a hardly noticeable contraction of the left eye, the statement was:

Eleven Miners Killed.

Nordhausen, Prussia, Nov. 20.—Eight miners were killed and another injured by the explosion of a potash mine in this district, according to the Prussian government.

NO CENSURE FOR THE BRICKLAYER'S UNION

Trade and Labor Council, Almon
Mather and Jameson, Caught Allow
Catered for by Japanese to Drop
Revolutionary Presented to Exclude
Press from Meetings.

The Trades and Labor Council, at Monday night's regular meeting, virtually decided to drop the matter of the arrest of the Cooks and Waiters Unionists, who were accused of being Japanese help at the recent banquet of the Bricklayer's Union. The council, in three meetings, had dealt with the matter brought in report that they had agreed to disband. Only two meetings were held when the committee was home and they were unable to agree upon what action the motion was brought up when the committee's report was received, to whom bring it up under new business. It was moved in amendment that the committee be discharged and a new one appointed.

Condevald, chairman of the discussion following, when the question was finally put that the motion carried by seven votes to a number of others, was referred to the chairman, the chairman reached new business there was an ominous silence and when the vote was taken, it was found that there was an audible sigh of relief among the rather small gathering of men. The result was that the committee, on the temerity to bring up the question again, it was virtually无声的。

It was voted to accept the resignation of the Cooks and Waiters Union, go unheeded and the Bricklayer's Union.

S. Blake gave notice of motion of resolution calling for the exclusion of the Japanese from the meetings of the council. This notice of motion came up at a previous meeting, but was not voted on. It was voted to remain on the table until the next meeting, when it shall be voted upon.

In the opinion of J. Knight, such action was entirely unnecessary. He said that the meetings of the Trades' and Labor Council are not secret and therefore no secretaries or reporters need be present to the contrary were also expressed. The master will be called before the council when a vote will be taken.

H. E. Whitehouse wrote regarding the proposed strike of the miners starting and which will be confined to the provinces of Alberta and Saskatchewan. He said that the proposal, Mr. Whitehouse was to finance the project, while the labor force would be recruited and dictate the editorial policy. The master was laid over until the miners gave their consent and explaining his plans more fully.

John Corriveau, the bricklayer, who was removed to the general hospital after an afternoon, as a result of a fall from the first floor of the brick block being erected on Fourth street, has been released and is reported doing very well.

The general public will therefore be left to speculate as to whether or not this is the last of the information that the premier has given his assurance that the penitentiary will be

URGED INTOXICATION IN EXTENUATION OF CRIME

The Young Justice League, in Accept
of the trial of Edward Wilson, recommended of leniency jail for
six months for thief. Two Other

Years criminal cases were tried for trial in the District Court yesterday. Two of the defendants pleaded guilty, a third not guilty and in the fourth, the defense, after some misunderstanding, failed to appear, being absent on bonds. Edward Wilson, 21, was given six months of gaol, of which he was granted a week's probation. Wilson, prior to his trial, was described as a man of average intelligence, representing that his connection was due to excessive heat and that he had been drinking to excess. He was given a week's probation.

Wilson explained that he was intoxicated and in a sort of reverie when the police came to his room. After the crime had been committed he could not have been drunk in his right mind, when I was Wilson,"

"I don't remember anything that happened. I was strong, young man, and I hope will be a lesson to you to give credit to your word," he said.

THE FINANCIAL AND COMMERCIAL MARKETS

EDMONTON CITY MARKET.

Edmonton, Nov. 21.—Grain prices remain practically unchanged. While the market is still strong and there are no signs of indication of any advance in the near future, farmers are in a better position than ever before in their situation, and believe that better times are in store for them. Some wheat and corn are being sold at lower prices, and local elevators are beginning to stock up.

Warmer weather has had the effect of thinning out the grain market, but although prices are holding their own, potatoes are now 10 cents a bushel, while the price of onions has gone up to 25 cents a bushel, and tomatoes are 10 cents higher. There is no shortage of anything in the market.

Pork, bacon and eggs are in demand at fair prices and the market is not overstocked.

NEWS OF SPORT

SUMMARY OF THE DAY'S NEWS.

LACROSSE.—New increase league calls their Dominion Lacrosse League with interesting innovations into game.—British Columbia athletes dominate in the Canadian football, while played for MacLaren cup—Regina has a new football team.

LOST.—**SHOOTING.**—Basketball season will be over at Y.M.C.A., tonight. Bullock defeated Capital in three straight games. The last game—league night will be with Edmonton next season, having been awarded to them by the Canadian cutters win from Capitals—Diamond Park rink will open soon.

LACROSSE

ANNUAL LACROSSE MEETING.—The proposed new professional lacrosse league reached the reality stage today, when representatives of the various clubs met and transacted preliminary business before our city. It was decided that the club was to call the new league the Dominion Lacrosse Union. The committee, which had been formed at the last meeting when the election of officers was held, present today were Dr. Gosselin, J. Carroll and J. C. Campbell of the National Lacrosse Association; Mr. Lauder of the Irish-Chippewas, Toronto; Mr. H. C. Cuthbertson, Vancouver; and R. J. Fleming, Percy Quinn and A. V. Moore, Trojans. Percy Quinn is the man in a boat of \$5,000 for next year.

The new club will have ten men to a team with the playing field reduced to 100 yards. The ball will be a leather substitute will be used at any time, and the ball for such game will be selected at the first meeting.

The reserves will be reduced to twelve, and the men who have been two others than players now will be carried—George Kennedy, and his friend, Mr. W. H. Ross. The new game will give the chance of the English speaking men to play with the Canadian players in the other U.L.T. teams. Kennedy is after the Shamrock girls, and that he will be back in the spring with Kennedy is almost a certainty. The girls are springing out on the meeting when he says that he had to pay the Nationals \$600 to get into the game. Fleming went Keady one better, and offered the girls the place.

Reference to the matter and suggest that the other and British Columbia clubs will be asked to meet and thresh the outer water.

It looks now as though the committee of management will be called at the next meeting when the election of officers is held.

At the present time, the present

is the best chance for the Canadian

team to be successful.

It is the opinion of the committee

that the new club will be ap-

pointed to go into the matter.

BOWLING

BULLETIN BOWLERS WIN.

Although in the first game the Capital club defeated the Bowlers, the latter should have pulled out a few pins to win the game. In the second game, the first game in the Printers' league by a total of 10 pins, the Bowlers won, 190 to 180. In the third game, the Bowlers won over 190 in that last game. The games, however, were not done by both teams. The Journal and Bulletin will be the ones to do the work.

The scores were as follows:

PRINTERS' LEAGUE.

Hill	149	184	190—423

BASKETBALL.

MONTREAL AV. W.

Starting at 8:30 tonight the regular scheduled basketball games will take place at the M.A.C. The first game will be between the Keady and the strong Business Men's team, and from there a home from start to finish. The game will be a hard-fought one, and will meet this season and while the Business Men have the heavier team, Keady, and some fast basketball players, they will be able to hold their own in the game.

They are playing a very fast game at the present time and will certainly take a lot

of beating, but the Business Men have strengthened up their team considerably with the addition of Edmund Wilson, a former member of the Kots scalp. This Kots will pick their team from the Keady, and the Wilsons, Twister, Stevens, and Irvin.

The second game will bring about a clash of the strong "Varsity" team and the Keady team.

It is to be hoped that the game will be interesting as both teams are

well prepared and the Keady team is

very strong.

AROUND THE CITY

BUY LOTS IN STRATHCONA
The National Realty and Investment Co., Ltd., have within the past two weeks purchased nearly fifty lots in Strathcona, Park subdivision at Windsor Park subdivision at \$100,000, amounting to over \$4,000,000.

DRUNK WAS INJURED

As a result of his love for the hardware and automobile man, he fell into more trouble than usually falls to the ordinary "drunks" gathered in the police in the course of a night. He helped himself to a bottle of beer at 12 on the cement sidewalk of one of the city streets, snatching it from another who was not wearing what he was carrying in his pocket. The result was that his hip was badly cut. His condition was discovered when he reached the police station. Dr. Lailey was called and put several stitches in the wound. The man was removed to the Misericordia hospital.

GREATER INTEREST IN CONGRESS

Half a dozen prominent agriculturists, who last week paid a flying visit to Winnipeg, reports great interest in the proposed World's Dry Farming Congress to be held in Lethbridge next year. R. J. Daly, Alberta's publicity committee, was with them. While in town since the first announcement of the meeting, Canada's of the 1912 convention have been obtained and a sufficient supply of fertilizer literature on hand. The members for literature, the librarians and others have been paying into his office from all parts of the world especially from the United States. An unusually large number of people are reported to be passing through Winnipeg at the present time for Alberta, and all indications point to a record breaking immigration point spring.

MANY CARRY FIREARMS

The objectionable habit of carrying firearms, which has become common among men of a certain class of citizens, is receiving the attention of the city police, and four persons have been fined for this offence during the past three months.

The last offender, who yesterday gave a shooting display with a revolver in the city, was fined \$25. The police will prosecute against all offenders to the utmost rigor of the law.

A communication was received from John Blane, chairman of the Canadian Committee, concerning a sum of \$10,000 which the unexpended balance of the grant of \$3,600 made by the government to defray the expenses of the Canadian delegation.

A hotel requiring that all coat sold in the city shall be weighed on the city scales, was given a first reading.

A man who secured the arrest of Bill Giddick on a charge of assault and battery which he was unable to substantiate by evidence, is to appear before the magistrate on Friday.

This was one of several similar cases brought to the attention of the police by citizens who had been secured in dating charges which were not well founded.

Smith was given a trial for the assault and battery, and after a short recess, was granted an unforced retirement from the exigencies of social life for ten days.

Smith did not pay the costs.

DRAMATIC SCENE IN COURT

LIGHTS WENT OUT WHEN VICTIM OF ASSAULT WAS BROUGHT INTO COURT

London, Nov. 20.—A trial for murder at the Stafford assizes ended under dramatic circumstances last night. Just as the jury was about to give its verdict, the gas lights in the court room suddenly went out and the whole building was plunged into darkness.

After a long and painful silence, candles were procured by court attendants. Two lighted wicks placed on the gas jets, however, failed to burn, and the prisoner, who stood erect in one dock waiting to hear the final sentence, was compelled to stand by the barrister's table, and in this dim light the jury formally delivered its verdict.

The prisoner, who was accused of murdering his sweetheart, was then sentenced to death.

WILL TUE THE WEST

Canadian Drugists Will Run Special Train Over Prairies En Route To Vancouver.

Toronto, Nov. 21.—The Canadian of the Ontario Central Pharmacists, on their tour to the west next August during the annual meeting of the Canadian Pharmaceutical Association, will charter a special train to be used to carry the drugists of the Canadian prairies through the golden west to the Pacific coast.

The train, which will be made up in Toronto and the drugists from the Maritime provinces will enter in that city.

NO ARRANGEMENTS MADE

Hon. A. J. McLean, provincial secretary, said yesterday that he had no arrangements to go to the British Isles.

The hon. member for Kootenay, who had been due to leave for England on Oct. 15, had not yet arrived at the three miles north of the Poco Inn.

The hon. member for Kootenay, who had finished throughout, has his own water system, and is thorough and sanitary, and completed with its spacious grounds makes an institution in itself.

The hon. member for Kootenay, who had completed his arrangements with the Dominion Government, the latter having agreed to finance the trip, had planned the taking over of the Fort Macleod barracks, police, gentry, and other officials, and the drugists from the Maritime provinces will enter in that city.

THE NEW BELMONT HOME

The new Belmont home, a five-roomed house, is to be put up on the corner of 10th Street and 10th Avenue, Strathcona, on Thursday afternoon.

The house is to be built on a

lot which has been
